

## SPECIAL FEATURE - Start Selling Architects & Engineers E&O: Webinar Opportunity 2/24

Big "I" Markets is working to build awareness about a big member benefit available through [www.bigmarkets.com](http://www.bigmarkets.com): access to **Architects and Engineers Professional Liability** from CBIC, an RLI company.

The market potential for this product is impressive: an estimated written premium of \$500 million in the U.S. RLI has access to approximately half of this market with an exclusive group of agents, MGAs and MGUs. They would like to work with Big "I" members to reach out to the other half of that universe.

Access this market leading product and enjoy highly competitive 12% commission with no direct appointment necessary. Your Big "I" Markets membership gives you direct access to this elite product. The program features A+ rated paper and a flexible, knowledgeable underwriting team, a tenured claims team with strong A/E experience, an admitted product, worldwide coverage and supplemental payments.

Learn more about this opportunity with an informative webinar session on Friday, Feb. 24th. Clarence Sproul of CBIC will discuss the ins and outs of the product and program features. We will be discussing program history, program eligibility and program highlights. Join us for this free information session and learn how your agency can take advantage of this unique partnership with CBIC and Big "I" Markets.

Date: Friday, February 24

Time: 2:00pm - 3:00pm Eastern

Cost: FREE
